## **INTERNET ACCESS:**

*To view the meeting and provide live oral testimony during the meeting, please use the above link. You will be asked to enter your name in order to access the meeting as an attendee. The Task Force requests that you enter your full name, but you may use a pseudonym or other identifier if you wish to remain anonymous. You will also be asked for an email address. You may fill in this field with any entry in an email format, e.g., \*\*\*\*\*@\*\*\*mail.com.*

*As an attendee, your microphone will be automatically muted during the meeting unless you are providing testimony. For each agenda item you wish to testify on, please click the Raise Hand button found on your Zoom screen. The Task Force staff will individually enable each testifier to unmute their microphone before speaking and mute your microphone after you finish speaking in order to prevent audio feedback. When testifying, you will be asked to identify yourself and the organization, if any, that you represent. We request that each testifier limit their testimony to two (2) minutes per agenda item.*

## **PHONE ACCESS:**

*If you cannot get internet access, you may get audio-only access by calling the Zoom Phone Number listed at the top of the agenda.*

*Upon dialing the number, you will be prompted to enter the Meeting ID, which is also listed at the top of the agenda. After entering the Meeting ID, you will be asked to either enter your panelist number or wait to be admitted into the meeting. You will not have a panelist number. So, please wait until you are admitted into the meeting.*

*When the Chairperson asks for public testimony, you may indicate you want to testify by entering “\*” and then “9” on your phone’s keypad. After entering “\*” and then “9”, a voice prompt will let you know that the host of the meeting has been notified. When recognized by the Chairperson, you may unmute yourself by pressing “\*” and then “6” on your phone. A voice prompt will let you know that you are unmuted. Once you are finished speaking, please enter “\*” and then “6” again to mute yourself.*
